

RYAN OH

Software Engineer

(310)849-2180 | ryanoh671@gmail.com | Irvine, CA | [linkedin.com/in/ryan-oh-dev/](https://www.linkedin.com/in/ryan-oh-dev/) | <https://github.com/ryanoh671> | <https://ryanoh671.github.io/portfolio/>

SKILLS

Languages: Javascript, Python, HTML, CSS | **Libraries and Frameworks:** Express.js, Node.js, React, Django, Bootstrap | **Databases:** MongoDB, PostgreSQL | **Other:** RESTful Routing, JSON, OAuth, MVC frameworks, Github, VSCode, Trello, Microsoft Office, Canva

SOFTWARE DEVELOPMENT PROJECTS

Workout Log | Heroku Cloud Application | MERN Stack

- Developed a MERN Stack application enabling users to record and track exercises via an external API search, promoting effective progress monitoring and goal achievement.
- Technologies used: MERN Stack, Heroku, VS Code, Trello, Github

Macro Counter | Heroku Cloud Application | Django, Neon

- Collaborated with a team member to create and execute a user-centric web application for food tracking, meal generation, and daily macro management, incorporating API integration for food search.
- Technologies used: Python, Django, VS Code, Trello, Github

Brew Nation | Heroku Cloud Application | Express.js, MongoDB

- Successfully developed a full-stack web application featuring RESTful routing and full CRUD operations with Mongoose and Express.js, enabling users to add breweries per location and submit reviews.
- Technologies used: Javascript, Express.js, MongoDB, Trello, Github

Blackjack | Desktop web game | HTML, CSS, JS

- Created an engaging, interactive Blackjack browser game using JavaScript within Visual Studio Code, successfully deploying it on GitHub Pages for accessible and enjoyable user experiences.
- Technologies used: HTML, CSS, JavaScript, VS Code, Trello, Github, GH-pages

EXPERIENCE

Software Engineer Fellow | General Assembly | Remote

April 2023 - July 2023

- Engaged in a project-based, full-stack curriculum at General Assembly, acquiring proficiency in diverse front-end and back-end frameworks to develop robust and dynamic web applications.

Senior Accountant | Zen Beverage LLC | Irvine, CA

March 2022 - April 2023

Staff Accountant | Zen Beverage LLC | Irvine, CA

September 2020 - March 2022

- Promoted from Staff Accountant after a year in recognition of exceptional performance and dedication.
- Efficiently managed our EDI operations through TrueCommerce, ensuring accurate mapping for transmission and reception of EDI transactions.
- Prepared accurate and timely financial reports, including balance sheets, income statements, and cash flow statements.

Personal Fitness Trainer | Business Owner

January 2020 - Present

- Provided guidance and instruction on proper exercise techniques and offered tailored nutrition advice to optimize clients' overall health and fitness journey.
